

MOLLY WEASLEY'S SANDWICH SELECTION

Throughout the Harry Potter stories, Molly often believed that a plate of sandwiches could help with any situation. However, these aren't Ron's squashed corned beef sandwiches from the Hogwarts Express. Our creations capture the essence of her character - infused with the same warmth and love that she so effortlessly exudes.

SAVOURY BITES

The Burrow Cucumber Cup

Drawing inspiration from the Weasley family garden, where cucumbers were often grown. This cucumber cup is filled with a lemon & dill mouse and topped with carrot caviar.

Hogwarts Cheese Pie

Golden pastry filled with slow-cooked caramelised onions and topped with Camembert and a parmesan puff 'H', creating a rich, comforting tart worthy of any Great Hall feast.

Common Room Sausage Roll

Cheddar and chilli sausage encased in flaky pastry. A snack so quintessentially British that it was eaten in the Gryffindor common room when the students celebrated Harry's triumph in the Triwizard Tournament task.

SWEET TREATS

Golden Snitch

Unlike the first Snitch Harry caught, you won't find the Resurrection Stone inside. Instead, our white chocolate Snitch conceals a burst of luscious banana caramel.

Bombtastic Bomb

Inspired by the mischievous inventions of the Weasley twins, this chocolate choux bun is filled with a warming chilli & raspberry jam and topped with a crisp chocolate craquelin.

Mandrake

Safely harvested, so there's no need for earmuffs. This fondant & lemon balm mandrake sits in a chocolate flower pot filled with vanilla mousse and an oreo crumb 'soil'.

Weasley Wizard Wheeze's Macaron

Orange macaron filled with purple blackberry ganache, capturing the vibrant colours of Fred & George's joke shop.

Butterbeer Scone

A magical twist on the classic British scone infused with fudge pieces and the warmth and richness of the wizarding world's favourite beverage, accompanied with Butterbeer-infused cream and strawberry jam.
